SILVER MOULD WHITE WIRE CLOTHES LINE!

To the Ladies of Maury and Adjoining

Conston z WE ASK THE PRIVILEGE OF SOLIC V ling your attention to our new quality of Clothes Line Wire, manufactured in such a s. w great prevented from ever corroding or changin num its beautiful white color during any num from its beautiful white color during any firm ber of years. We guarantee it to be perpetual by infallible against rust, and after you hav-used it we are confident that you will concu-with the statements of thousands of familie

and in its praise who have it in use. The following are the advantages gained by sing these Patent White Wire Clothes Lines They are truly an ornament wherever dated, always retaining that shining whiteness, re fore 'er clean and never have to be taken in, matter what the weather may be, water or

rost cannot effect them.

2d. The d trability of this Wire Line is one of e greatest , onsiderations, as it will last from thirty to fifty; ears, and during that time you will wear out a great many common lines, be ides being obig. d to put up with an immense ad. After it is put up and wiped off it is always clean, while a rone line is more or less exposed to dust and dirt and must be washed

before it is used or it will soil the clothes,
4th, By actual experience it 's found to be by far the cheapest clothes line, be, des its great convenience. This will last a lifet me. 5th. You can never hang it too heavily with 6th. Another of the chief advantages of this

line over the rope line is, that clothes of any kind will not freeze to it in cold weather, and the finest labrics can be removed at any time with out injury. A rope line will always absorb more or less moisture from the clothes, and in number of known harmless species self. The windows and doors were cold weather will freeze through and through, is seventy-five. and thin articles cannot be removed without a liability of tearing them. While the wire being of a pure metallic substance does not absorb the slightest moisture, consequently there cannot be frost enough formed to cause an adhesio and even the linest gauze can be removed fro the line without injuring it in the least.
7th. The alkalies now being used in the patent somes have not the least effect on the White Wire Lines. They dry quick and escape. 8th. It will save you its price in saving time and trouble every six menths you own it.

9th. It never will break and drop clothes i

to the mud. The old rope line is frequently the cause of a whole day extra washing. This one this bg alone is enough to condemn the old style of these farever, and call into requisition an ar-ticle that is free from all such provoking annoy-G. W. KING & CO., Manufacturers, Phil'a.

BY WILL M. CARLETON.

With the sunlicit, with the moonlicht, with the startight sveet and solden. Come to us a housand memories that are true and sweet and olden.

My grandmother was a pure type of an Euglishwoman; handsome, leathly, and clear-headed as a man. Brough my with the strictest business habits in a well regulated household, consisting principally of men, which the darkness fercels seewing.

Wish the midnight, with the storm cloud, with the storm cloud, with the darkness fercels seewing.

With the rattling of the rain-irops, and the the storm cloud, with the storm cloud, with the darkness fercels seewing.

With the midnight, with the moonlicht, with the monitoring hours as a housand memories that are true and supposing the start was reallly wonderful in one so young. I loved to sit in my little are more or less the victims of bodity. A chalybeate spring has been discovering the family.

Weight men with the storm cloud, with the darkness fercels seewing.

With the rattling of the rain-irops, and the temperous transport of the family.

With the rattling of the rain-irops, and the temperous transport of the family.

Weight men with the storm cloud, with the storm cloud, with the darkness fercels seewing.

With the rattling of the rain-irops, and the thouse and the proposing of the family.

Weight men with the storm cloud, with the storm cloud, with the darkness fercels seewing.

With the rattling of the rain-irops, and the complete of the storm cloud, with the darkness fercels seewing.

With the midnight, with the storm cloud, with the storm cloud, with the darkness fercels seewing.

Weight men with the storm cloud, with the st

Then within our hearts a blossom from the dreary mold is springing.

The birds of hope make us music with their sweet and cheerful singing;

Then, apon the great clouds gazing, we discent their sliver lining.

Until through the veit of darkness bursts the sunbeaus glorious shinning.

And our longing eyes are greeted with the bright and perfect day.

CURIOUS AND SCIENTIFIC.

The within our hearts a blossom from the dreary mold is springing.

This piece of strange intelligence was confirmed by the elder girls, and as I had never known them in their lives to deviate from the truth, bousehold, however great or humble, household, however great or humble, has, I believe, its superstitious legend: If English, its ghost; if Irish, our family legend came down from my strong hearted healthy grand-scaped that dangerous association

CURIOUS AND SCIENTIFIC.

This piece of strange intelligence was confirmed by the elder girls, hobbled around the room with all the gravity and infirmity of a we-man of ninety, which elicited a peal of laughter from the other girls, in was the children themselves. They but have before expression anything. Having them always under my own supervision, they had escaped that dangerous association
